### Media Articles

Empire Resources Limited (ERL) provides the opportunity to read the following research report by Breakaway Research.

Breakaway Research is an independent research company. It is a member of the Breakaway Investment Group – an Australian financial services company that specialises in the resource sector; providing funds management, equity research and corporate advisory services.

Their assessment of Empire took place last month prior to receiving any results from the current drilling at A Zone at Yuinmery Project, in Western Australia. The Company expects to invite Breakaway to up-date its research once all the results from the current drilling are available.
